

# Young Crew Finland Elections 2025

## About Young Crew Finland

Young Crew Finland, or YC as we call it, is a vibrant network dedicated to young project professionals. We aim to create opportunities to expand your network, learn new skills, and grow as a project management professional. By joining us, you become a part of an international community through IPMA® Young Crew, with access to exciting global experiences. Our mission is to cultivate project management expertise and inspire the next generation of leaders.

YC is open to anyone under 35, from students to professionals, who has a passion for project management. Even if you're over 35, you can still get involved through our parent organisation, Projektiammatillaiset ry (PRY). We value diversity, inclusivity, and enthusiasm for learning and sharing knowledge.

All YC tasks are voluntary work, i.e. no salary or fees are paid for them.

We organise:

- Project Management Championship (PMC): A competition for university students leading to an international final.
- Global eCollaboration Competition (GeCCo): An international virtual project experience.
- Company visits, training sessions, seminars, events, and mentoring: Opportunities to grow your skills and connect with others in the field.

Read more about these events: [https://www.pry.fi/toiminta/young\\_crew](https://www.pry.fi/toiminta/young_crew)

## Why join?

By joining YC, you'll have the chance to connect with other young professionals and meet experienced industry experts. You'll learn more about the project management world by sharing ideas with fellow members and attending engaging events. Young Crew offers opportunities to test your skills within different project teams as a team member or project manager.

You can organise events, create new YC activities, or even lead a networking campaign of your own. Plus, you'll build international relationships through participation in IPMA® Young Crew activities. YC Finland has organised joint trips abroad, after-work events, and

visits to well-known companies, giving you practical, hands-on experience in the project industry.

You also automatically become a member of Projektiammatilaiset ry and have access to its extensive member benefits, including participation in insightful project events and webinars.

### **We are looking for new members**

1. **Project managers:** Project Managers at YC Finland play a vital role in bringing ideas to life by organising and executing various activities and events throughout the year. As a Project Manager, you will have the opportunity to propose new initiatives and work closely with the YC Board to develop and deliver engaging experiences for the YC community.

Project Managers are expected to take the lead in planning, coordinating, and executing projects, whether a competition, workshop, company visit or any other event. As a Project Manager, you will have the creative freedom to design events that meet the interests and needs of the YC network.

2. **Board members:** The YC Board is the driving force behind the activities of YC Finland. As the management group for YC's operations in Finland, the Board plays a crucial role in organising events, managing projects, and steering the organisation's strategic direction.

Board members meet regularly, typically once a month, to discuss ongoing projects, plan future activities, and coordinate efforts across different areas of responsibility. Communication between meetings ensures smooth and effective management of all YC Finland initiatives. Each board member is assigned specific responsibilities, which they are expected to manage independently, engaging with stakeholders and collaborating with fellow board members as needed.

#### **Available Board Roles:**

- Vice Head of Board
- PMO Manager
- Academic Relations Manager
- B2B Relations Manager
- Competence Development Manager
- International Co-operation Manager

## Requirements:

- Must be under 35 years old.
- No specific experience or skill level is required; newcomers are welcome!
- Willingness to align with YC Finland's values and goals
- Curious, collaborative mindset, open to new ideas and approaches and ready to innovate
- A strong sense of initiative and independence, willing to take on responsibilities and drive activities forward
- An interest in developing new skills and contributing to the growth of YC Finland through innovative ideas and active participation

## How to Apply

If you're passionate about project management and eager to make a difference, we'd love to hear from you!

 To apply, submit your application here:

<https://link.webpolsurveys.com/S/13D9CC7C765383F8>

Application deadline: 1 December 2024

Please note that our selection process is continuous, and if we progress to the next phase of recruitment, the advert may close before the stated deadline.
